CERTIFICATE COURSE IN VIRTUAL REALITY FOR INDUSTRIES

Objectives of the program :

- Able to gain a foundational understanding of virtual reality concepts, technologies, and terminology and Familiarize participants with VR hardware devices, sensors, etc.,
- Explore how VR can be applied to engineering different industries.
- Participants will have knowledge to build engineering product detail experiences using iQ3 VR Platform.
- They will be able to build assembly-disassembly packaged training for VR.
- They will be able to create walkthroughs of plant models.

Outcome of the Program :

- Knowledge of AR/VR Technology.
- Ability to create VR Experiences.
- Application of VR technology for various engineering industries.
- How to build product knowledge virtual experiences using iQ3 VR Platform?
- How to build walkthroughs using iQ3 VR Platform?
- Data preparation for VR collaboration reviews.

Pre-requisites :

- Basic knowledge of engineering.
- Basic knowledge of any CAD package.

Take Away: Participation Certificate will be issued to all the participants at the end of the programme.

For Registration: <https://forms.office.com/r/py8NeNugm5>

Course Fees :- 5,000/- (incl. GST)

Duration :- 1 Month (3 Hours per day)

Eligibility :- Any Diploma/Degree in Engineering or its Equivalent.

Batch starts :- Every month 2nd and 4th Wednesday.

Batch size :- 15 Candidats.

For more Details :- 040 29561793

Email :- info@citdindia.org web: www.citdindia.org
